

STUDENT SAFETY

A reminder that the car park next to the Parish Hall is for the use of parish visitors and is **not a car park for parent usage**. As the safety of our students is of the highest priority, the practise of using the car park as a drop off or pick up point for students is not permitted. Please ensure that you use the designated drop off areas so that all students can stay safe.

The Parish have very kindly allowed the school staff to use some of the car park with remaining designated spaces required for visitors to the Parish Office. Please ensure that you comply with this request.

There is no parking on the school side of Stephen Street between the hours of 8am and 9am and 2.30pm and 3.30pm Monday to Friday. This includes adjacent to the Prep roller door.

Please do not cross Stephen Street illegally to walk children to the Prep building. **Please ensure you use the pedestrian crossing that is provided in Stephen Street** for this purpose.

If you are unsure of the traffic regulations, please check all signage in the streets surrounding our school.

If **each and every** parent and carer takes full and diligent responsibility for their own actions and their own children as they walk past cars, park in designated places only, use the pick-up area safely, crossing only at the designated safe school crossings, parking the car and walking into school to collect children and following all safety guidelines, then all of our children will be safe at all times! Please ensure that your actions contribute to a safe school for all.

Road Safety - it's up to you!
