Overall priorities for 2016:
1. Volunteers:
   a. Looking to we map all the volunteer activities that occur;
   b. check if/where we are ‘falling short’ with volunteers;
   c. look at other ways to utilize resources of families within the school for various events (so not just donating time);
   d. determine what strategies are needed to bridge any gaps.
2. Communications:
   a. Reviewing effectiveness of current channels; what is/isn’t working and how we can improve
3. Spending:
   a. In 2015 we gathered a wish-list of items from parents and teachers pleased to say that we will be discussing some of these tonight to go ahead with plus looking at other spending priorities for the year.

Welcome BBQ

Another great event even though numbers were down on last year probably due to weather.

Changing from Sunday afternoon to Friday night may have also impacted.

Looking at what worked and didn’t – probably review decision to have a food truck at this particular event.

Always interested in feedback on any of these events.
